Conflict Minerals

Dear Dutch Electro customer,

Thank you for your request for information regarding „conflict mineral“ content in products supplied by Dutch Electro.

Dutch Electro does not directly purchase any conflict minerals from any source. Furthermore we do not endeavor to purchase products that contain conflict minerals that directly or indirectly finance or benefit armed groups in the Democratic Republic of Congo (DRC) or adjoining countries.

Dutch Electro expects its suppliers to only source minerals from responsible sources. Therefore, all our purchase orders are subject to the condition that all parts supplied to Dutch Electro may not contain any conflict minerals.

We fully understand the importance of this issue to our customers and are committed to these supply chain initiatives. We endorse the overall corporate social responsibility and sustainability efforts that work towards a conflict free supply chain.

Yours sincerely,
